## Term 2 Outing to the Zoo

By, Lee Yoke Kheng, Teacher

On 10th March 2009, parents, caregivers, children and staff made a trip to the Singapore Zoo. This outing concluded what the children had learnt about animals in school in Term 1.

Cheered on by the beautiful weather, parents, teachers and children had a great time mingling and getting to know one another. Equally important, it was a day of opportunities and learning. The adults practiced applying strategies to engineer successes for their children in activities. The children practiced using skills learnt in their classrooms in an open public place.

Everywhere and anyway in the Zoo, the families worked hard on what they had set out to do. With enough preparation and practice, it was wonderful to see that many of the strategies implemented helped children to achieve their skill objectives.

The day ended with many smiles. We had a triumphant time.

**Topic : Fundamentals in Autism**

(Compulsory for New EIP Parents)

Trainer : Ms Stephehnie Khoo, Principal, WeCAN EIP, ARC(S)

Date : 1 April 2009 (Wednesday)

Time : 6pm – 9pm
