

# Communication Update

17 April 2006

Dear Parents of Track 2 (Primary Level) students,

## **ROAD SAFETY UNDER LIFE READINESS CURRICULUM**

We would like to inform you that in Term 2, all Track 2 (Primary Level) students will learn about Road Safety under the Life Readiness Curriculum.

The objectives are as follow:

1. To build road safety awareness in a real life setting
2. To develop skills to use road facilities appropriately and independently
3. To practise skills in a real-life setting

To help students focus on the practical aspects of road safety, life readiness teachers will be bringing the students around the school vicinity to use road facilities like traffic lights, zebra crossings, overhead bridges. Students will also learn to look out for road signs and safe and dangerous places to cross the roads.

Please note that the practice sessions will only be held during school hours from 8 am to 1 pm.

We seek your consent to let our teachers bring your child around the school vicinity to practise road safety as and when required during life readiness lessons.

Kindly complete and submit the attached reply slip to your class teacher **by 19 April (Wednesday) 2006**.

We thank you for entrusting your child to us.

Yours sincerely,

Ms Anne Chew  
Head, Students Affairs

Cc Ms Denise Phua, School Supervisor/Acting Principal  
Ms Loy Sheau Mei, Track 2 Head  
All Staff

**REPLY SLIP: ROAD SAFETY UNDER LIFE READINESS CURRICULUM**

I, \_\_\_\_\_(Parent's name) of  
\_\_\_\_\_(Child's name/Class) have taken note of the
