

COMMUNICATION UPDATE

6 August 2007

Dear Parents/Guardians

VISIT TO THE SCIENCE CENTRE'S ECO-VENTURE , 16 August 2007

The Science Centre is organising a special programme called Eco-venture for K1 and K2 students. This educational activity will bring students through the Centre's ecogarden. It will be a multi-sensory experience as students learn about the wide variety of insects and plants. They will also get to learn about the variety of leaves and their many smells and shapes.

As this ties in very well with our learning themes in Terms 3 & 4, we will be arranging for all our Pathlight Preparatory students to participate in this hands-on experience. Cost for the participation of this activity will be borne by the school.
